

My name is Caitlin Sachs, and I would be honored to serve on the CASP Board of Directors. I'm Mom to 3 little girls - Gwendolyn (current 1st grader), Zeliah (current kindergartener) and Freija (age 1). I'm also a surgical nurse practitioner at Brigham & Women's Hospital where I care for post-operative patients and serve as co-chair for the Advanced Practice Nurse Council.

After moving to Newtonville last summer this was our first of many years at Cabot and in the CASP program and it's been such a positive experience for our entire family. Our kids thrive on the variety of activities and the interaction with a large number of students from all grades and classrooms. The CASP vacation camps and field trips have been a particular favorite of theirs as well. My husband and I could not do our jobs without CASP and therefore we are well invested in the long-term future of CASP. Building connections between families and our community through CASP is a particular interest of mine and I'm eager to do my part in helping to make sure it continues to run as such an efficient and enriching program for the children of Cabot. Thank you for your consideration of my contribution to the board!
